

FOR YOUR GARDEN BEAUTY GROWTH

# GARDEN CUBES

MODERN LINE

*If you have a vision of a large showcase window or a privacy door, these modular system cubes are a great choice.*

*Depending on the size of your space requirement, this can be a highly compact or even multi-cubic modular system. It's just fantasy and the chosen cube can turn into a dream office, a home gym, or a cozy outdoor cafe, a lodge room with stunning mountain or sea views.*

*Everything depends on your wishes...*

# GARDEN CUBES

*The architectural designs of this cube consist of a modern style with natural wood beauty. The ability to choose large display windows gives you an amazing panoramic view and natural light inside. In the design of these products, we combine traditional materials with state-of-the-art technology to provide comfortable, well-insulated and light-filled spaces.*

*The wooden exterior look modern and beautiful in their natural environment. Inside there is a wide range of interiors available - there may be everything you want. For one - a relaxing space or a home office; For others, there is a gym, studio or gamesroom.*

*Each Garden Cube is built by an experienced team and the purpose of the cube can be customized to suit your individual needs. All you have to do is decide what you want.*

SUCCESS

OFFICECUBE3x3

# OFFICES CUBE FOR YOUR SUCCESS

For people looking for work without stress, in a friendly environment and closer to home - we offer a garden cube - an office.

**Great opportunity to work at home,** but have a space only for work. Panoramic windows provide enough daylight, while the wood finish gives you a feeling of comfort and a feeling that you are closer to nature.

**The freedom to choose the size** according to your needs, the freedom to create an interior according to your individual wishes and needs, and most importantly you can always change the details of the wall, because the product is modular.

**What does modular mean?** It is possible to combine the walls with the frame by choosing from several different options: standard wall, sunscreen wall without glass, sunscreen wall with glass, wood tempered glass wall, sliding door system with 2 or free rails, and all this
